### **EXAMINER'S AMENDMENT**

The Amendment file on 5/01/07 has been entered to record.

### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance:

Claims 1-43 are allowed because the prior art did not teach or reasonably suggest , as exemplary claim 1, a method and apparatus for providing the communication between a first client and server including a portable memory element with passcode and passkey. When the system communicating with a second client and receiving a passkey from the second client. If the value of passkey from the second client corresponding to a value of said passkey provided to the first client.

Claims 20, 23, 33 and 40 contains the identical limitations set forth in claim 1. By this rationale claims 11, 20, 23, 33 and 40 are allowed.

Claims 2-19,21-22,24-32,34-39,41-43 are depend claims of claims 1,20,23,33 and 40 respectively. Therefore they are allowed for the same rationale set forth above as well as further limitations they introduce.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
